

Caversham Working Paper, 1996-1

Caversham 1902-1922
A Preliminary Statistical Survey

Based on the Revised Caversham Database
incorporating the 1919 Electoral Roll

January 1996

Notes on the Generation of the Data

The data is based on individuals present in the Caversham study area as listed by the electoral rolls of 1902, 1905, 1911, 1914, 1919 and 1922, and the Stone's Street Directories for 1900, 1905, 1910, 1915 and 1920.

Most of the data is in the form of frequency tables generated by SPSS. Some of the tables have extra incorrect categories which are the result of a small number of coding errors in the database.
